Southern African Hub

Some pointers to the way forward

1. Broad-based network: Academic and research institutions
2. Strong partnership with governments and civic society
3. We have established a comparable baseline of land governance for 8 countries in the Southern African region
4. Land Governance in Southern Africa: Synthesis Report
5. Research and Capacity Development Strategy for LG Innovations
 - Integrated in our normal academic responsibilities
 - Streamline some initiatives in the NELGA Workplan
 - For instance: policy dialogues, training (tailored-made refresher courses), curriculum review & development, and academic exchange
6. Monitoring and Evaluation Matrix
